Our school uses Powerschool Gradebook (visible on parent portal) to record grades. Please take the time to check your child's marks prior to Parent-Student-Teacher interviews. While this is a mid semester check in with families, teachers continue to assess student learning and therefore grades in Gradebook will continue to change until the course is complete. The goal of the Parent-Student-Teacher interviews is for the family to check in with teachers to better understand where your child is in their learning and to have a clear understanding of what your child can do to continue to improve their learning.
